

Crystal Cleaners, simply the best!

5 Questions to ask yourself before choosing a dry cleaner:

Do they have free route delivery service? Most cleaners do not offer this convenient service. With free route delivery and pickup from your home or office, you don't need to worry about trying to carve out that extra fifteen minutes in your day to stop by the cleaners. Crystal Cleaners makes it so easy, we even provide the bright yellow bags for your garments! We offer twice-weekly stops, so simply hang your bag outside your door on pickup morning, and your cleaned and pressed garments will be returned to you by the next scheduled delivery day!

Do they offer convenient drop off/pickup locations? Crystal Cleaners makes it easy for you to get your cleaning done no matter where you live within our service area. With several drop off locations in major, convenient businesses you use regularly, you never need to step foot in our Corning plant! We also have convenient payment options including automatic credit/debit card payments.

Do they do all of the cleaning in-house? Many so-called "dry cleaners" don't actually do their own cleaning. They simply collect your garments and then outsource the dry-cleaning and/or shirt pressing to another company that you never see. Our expertise and pride in workmanship means that we do all types of cleaning right in our locally-owned plant.

Do they have a 100% satisfaction guarantee? If a company truly stands behind its workmanship, it will offer a 100% guarantee. We are so sure that you will love the quality of our dry-cleaning, we offer a full guarantee of satisfaction or you get your money back. No questions asked!

Are they locally owned and operated? Crystal Cleaners has been continuously owned and operated in the Corning, NY area since 1986. Pride in the business and a commitment to our customers and the Southern Tier community has always come first.

History of Crystal Cleaners

Rick Davis opened the first Crystal Cleaners location on October 9th, 1987 in Gang Mills, NY. By 1994, the business' reputation had grown to where it was able to acquire the former One Hour Techni-Cleaners. Crystal Cleaners began offering home and office pickup/delivery service in 1996.

In 2007, all operations were consolidated into one new, state-of-the-art facility in Riverside, and the business began using an advanced, more environmentally friendly solvent at this time.

With an unparalleled reputation for top-notch quality and outstanding service, Crystal Cleaners is now one of the largest dry cleaning operations in all of Western New York.

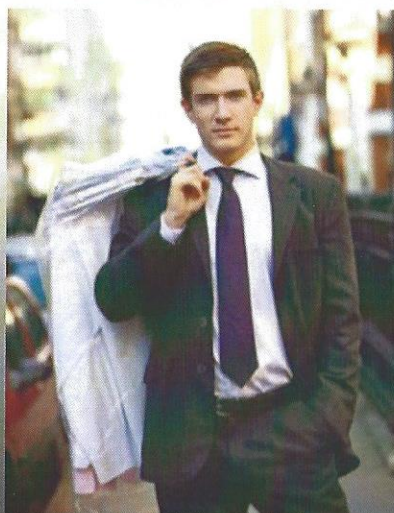

Are you tired of remembering to pack your suits into the car, and finding those extra few minutes in your busy workday to drop them off at the drycleaners?

Do you find yourself rummaging through your closet on a Monday morning, without a cleaned and pressed shirt or blouse to wear?

Do you wish you knew a locally-owned dry cleaner that you could count on to do the job right?

Worry no more, because Crystal Cleaners is here for you!
